Re: Revision of Part 15 of the Commission's Rules to Permit Unlicensed National Information Infrastructure (U-NII) Devices in the 5 GHz Band (ET Docket No. 13-49) –
NOTICE OF ORAL EX PARTE PRESENTATION

Dear Ms. Dortch:

I am writing pursuant to Section 1.1206(b)(2) of the Commission's Rules to notify the Commission that on March 21, 2014, Mary L. Brown, Director, Government Affairs of Cisco Systems, Inc. ("Cisco") met telephonically with Brendan Carr of the Office of Commissioner Ajit Pai to discuss the above-referenced proceeding. The topic of the call was the technical rule proposals made in the Notice of Proposed Rulemaking. While the conversation ranged over a number of proposed rules, the proposals contained in paragraphs 31 and 65 were specifically discussed. Cisco reiterated its views from its comments. With respect to the way in which peak power spectral density requirements could be stated, Cisco noted that there are different but equivalent ways to express the requirement.

Pursuant to Sections 1.1206(b)(2) and 1.49(f) of the Commission's Rules, this letter is being filed electronically with the Commission via the Electronic Comment Filing System. Should you have any questions regarding this presentation, please contact the undersigned.

Respectfully submitted,

Cisco Systems, Inc.
