Re: Amendment of the Commission's Rules with Regard to Commercial Operations in the 1695-1710 MHz, 1755-1780 MHz, and 2155-2180 MHz Bands, GN Docket No. 13-185; Expanding the Economic and Innovation Opportunities of Spectrum through Incentive Auctions, GN Docket No. 12-268

Dear Ms. Dortch:

In response to questions from staff in the Wireless Telecommunications Bureau, Verizon is filing the attached spreadsheet that corrects certain errors in the spreadsheet filed on March 20, 2014.¹ The maps attached to that filing are correct, but the spreadsheet contained errors in which a particular MSA appeared in two MSA clusters or an MSA was listed more than once in a given cluster. In addition, a few MSAs did not appear on the spreadsheet, although they are accurately reflected on the maps. These errors are corrected in the attached spreadsheet.

This letter is being filed pursuant to Section 1.1206 of the Commission's Rules. Should you have any questions, please contact the undersigned.

Sincerely,

A handwritten signature in black ink, appearing to read "Tamara L. Preiss".
