## Notice of Carrier Change

March 26, 2014

Dear Valued U.S. Telecom Long Distance, Inc. Customer:

Great news for your long distance service! Following a reevaluation of its business focus, your current long distance company, U.S. Telecom Long Distance, Inc. ("UST") has entered into an agreement with Central Telecom Long Distance, Inc. ("CTLTD") to acquire certain business holdings. **As a result, Central Telecom Long Distance, Inc., will automatically become your new long distance telecommunication services provider after May 1, 2014.** (The specific date(s) of the transfer of your interstate and intrastate telephone services may differ depending upon when we receive the applicable federal and state regulatory approvals.)

**Please rest assured that the transaction will not affect the services you currently receive.** You will continue to receive services with the same rates, features, terms, and conditions as you currently enjoy, with the added convenience of receiving one bill through your local telephone company, where available. In the event that changes are made to your service you will be notified by separate mailing thirty (30) days prior to the changes becoming effective.

You will not be responsible for any charges associated with the transfer of your account. All charges associated with the transfer to CTLTD will be borne by CTLTD. Although you have the right to select the carrier of your choice, we value your business and hope that CTLTD may continue to serve you. If you should choose another telephone provider you will need to contact that carrier directly to arrange for the change prior to the transfer of your services to CTLTD and also provide CTLTD with notice per existing service terms. It can take several weeks for a new carrier to make the switch and you may also incur service initiation fees from that provider such as service order, installation and other similar charges associated with establishing a new service account.

If you currently have a preferred carrier freeze on your account you will still be automatically transferred to CTLTD on the effective date unless you have selected another carrier before the effective date. To arrange a new freeze or confirm an existing freeze, you must contact your local service provider.

CTLTD will be responsible for responding any customer inquiries prior to and during the transfer of service from UST to CTLTD. **CTLTD's toll free customer service number for CTLTD is 888-988-9818, which will remain the same after your services are transferred.**

You can trust that you will be provided with the same quality service to which you have grown accustomed with UST. We welcome you to CTLTD and look forward to meeting all your long distance communication needs. Please visit the web site <http://centraltelecomlongdistance.com/> for more information.

Sincerely,

The Product Management Team
