MAR 25 2014

Federal Communications Commission
Office of the Secretary

Dear Mr. Wheeler,

I am writing to voice my concern over the above referenced order. As I understand it, this order will reduce my ability to cover inmate phone access costs and there is a real likelihood that our inmate phone services will have to be discontinued. Not only does this system provide valuable access to the outside world for our inmates, it provides valuable safety features for the protection of both inmates and the community. This order will have a deleterious effect on the Storey County jail that generally houses a small number of short-term inmates; I can only image the negative impact this will have on other county jails across my state and our great country. Please reconsider this ruling as it applies to county jails. Thank you.
