Dear Ms. Dortch:

On April 16, 2014, Krista Witanowski, Assistant Vice President, Regulatory Affairs, CTIA – The Wireless Association® (“CTIA”), spoke with Daniel Alvarez, Legal Advisor for Wireline, Public Safety, and Homeland Security, in the Office of Chairman Tom Wheeler, Federal Communications Commission, via telephone. During this conversation, Ms. Witanowski discussed the upcoming Report and Order and Further Notice the Commission will consider at its April 23, 2014 open meeting on high cost universal service implementation. Ms. Witanowski reiterated the importance of the universal service programs that focus on consumers and the services they demand, namely mobility and broadband. Ms. Witanowski emphasized that with consumers rapidly migrating to mobile broadband, maintaining a sufficient mobility fund that ensures that Americans have access to those services is consistent with the goals of Congress, the National Broadband Plan, and the Commission.

Pursuant to Section 1.1206 of the Commission’s rules, a copy of this letter is being filed via ECFS with your office. Please do not hesitate to contact the undersigned with any questions.

Sincerely,

/s/ Krista L. Witanowski

Krista L. Witanowski
Assistant Vice President, Regulatory Affairs
