Dear Sir, My Name is AL Matasy and i read on line about TV Station NBC40 WMGM-TV we have been going to South Jersey for Years and every time we go there we watch NBC 40 there Local TV Station. in fact we were in Oct of last Year and we watch there Local Station for Local Newscast. when Hurricane Sandy came to South Jersey those People turn to WMGM-TV for Information. we live in a small Market Youngstown, Ohio we are between Cleveland, Ohio & Pittsburgh, Pa. our local NBC station is WFMJ Channel 21. are they going to get rid of Channel 21 and tell us to watch WKYC Channel 3 it is own by NBC it may happen. WKYC will not talk about Youngstown area news. I think it is Stupid on what is going on to get rid of TV Stations because of air space. Make or Fine open air Space. but Please Don't take things away. People of South Jersey want there Local News. NBC10 from Philadelphia, Pa. is not going to talk about Local News in Atlantic City or any thing in South Jersey, and New York City takes care of Northern New Jersey. From, AL Matasy of Youngstown, Ohio
