Dear Ms. Dortch:

We are writing to respectfully request the FCC to grant a waiver of the Funding Year 2014 Form 471 deadline so that our Form 471 E Rate application will be considered as having been filed within the "window." We likewise request that the certification of our Form 470 application (501330001229824) be accepted as "in window."

The Laboratory Charter School of Communication and Languages has undergone major reorganization that has affected our business operations and the way we prepare our E Rate applications. This caused some delay in assembling the information. A family emergency of Mr. Entezari's kept him out of the office at the end of the filing "window," hence we missed the deadline.

E Rate funding is extremely important to the school. We would receive over \$21,000 from this application, which constitutes almost one-fourth of our technology budget. We have always tried to be conscientious in meeting deadlines, and we make this request in good faith. Thank you in advance for your consideration.
