Re: Entity Name: Newark Preschool Council

Entity Number: 16021654

Form 471 Application #: 993508

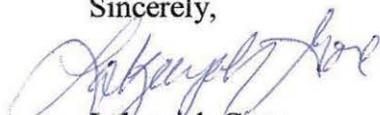

To Whom It May Concern:

I am requesting a Waiver to Extend the Deadline to accept our Form 471 Application for the Funding Year of July 1, 2014 – June 30, 2015, which was filed out of window. The reason for the late filing, is due to the fact that the person who normally completes the application process abruptly left the company. Thus, it was found upon her leave that the above mentioned had not been filed during the open window. Therefore, I am requesting that you take this into consideration at this time and grant us the extension. Newark Preschool Council's 471 Application's status with USAC at this time is Certified, Out-of-window. Therefore, we have been instructed by USAC to apply for the Waiver and if approved they can move forward with our Application. Your cooperation in this matter will be greatly appreciated.

For any further information regarding this waiver request you can reach me, Lakeeyah Gore at:
