

7521110682.txt

I've been brought here by nothing more than a simple youtube video,  
<https://www.youtube.com/watch?v=wtt2aSV8wdw>

And, to state in another way, net neutrality is to the internet what freedom of the seas is to international trade. Without one, the other will be abused whoever has the most power to do, to the detriment of the few.
