Reclassi fy broadband i nternet as a title II common carrier tel ecommuni cations servi ce.

The i nternet should not be restricted as a result of the i nternet servi ce provi der. Allowing these provi ders to do so will cause one provi der to domi nate while others crumbl e.

This is an important issue of today and I hope that the Federal Communi cations Commi ssi on is worki ng on fixi ng i t.
