

7521112018.txt

It is necessary to classify Internet Service Providers as Title II Common Carriers. There exists the very real possibility for abuse that will stifle the future economic wellbeing of the United States, stifle innovation, and limit the freedom of consumers to choose the content they desire.

I believe the FCC has an obligation to protect the free flow of ideas and information through the internet communication network. Information that is requested through an ISP should be delivered without discrimination.
