RE: Opposition to Time Warner / Comcast Merger

I am a Time Warner customer. I am concerned that allowing it to merge with Comcast is a huge mistake that will negatively impact the market place and consumers.

As stated by many:

A merger of this size would give one company unprecedented control over media content and platforms. It would allow the largest cable and Internet access provider to control one of the nation's largest media companies.

It would also incentivize Comcast-NBC another to prioritize its own online content over other content, thus stifling the free flow of Internet traffic to which we've become accustomed.

That's too much power for one company, and such power threatens competition an innovation.

I ask that the FCC stop this merger.

Sincerely,

*Maurice Silberstein*
