Look, it's simple if you really understand what's going on. But there's a chance that you don't, so watch this video, it explains it.

https://www.youtube.com/watch?v=NAxMyTwmu_M&feature=share

Now that you watched the video...you did, right? It should be patently clear that Internet Service Providers are all COMMON CARRIERS and thus should be legally treated as such. I expect you to do just that. The "Fast Lane" idea is a joke that will only cause more confusion. Enforce the law, make them treat all data as equal.
