Re: WP Docket No. 07-100, PS Docket No. 06-229 and WT Docket No. 06-150

Dear Ms. Dortch:

The National Public Safety Telecommunications Council (NPSTC) is a federation of public safety organizations whose mission is to improve public safety communications and interoperability through collaborative leadership. NPSTC pursues the role of resource and advocate for public safety organizations in the United States on matters relating to public safety telecommunications. Accordingly, NPSTC provides guidance on issues that can either negatively impact or benefit the operation of public safety communications.

On Thursday May 1, 2014, representatives from NPSTC: Ralph Haller, Douglas Aiken, Marilyn Ward, and via conference line, David Buchanan and Utilities Telecom Council's Brett Kilgore, met with the FCC PSHSB Deputy Chief and staff to discuss the NPSTC 4.9 National Plan and follow-up *Ex parte* filings. No new issues were discussed during the meeting from NPSTC's previous filings. NPSTC thanks the FCC for the opportunity to review the plan and answer any question that needed clarification.

Respectfully submitted,

Ralph A. Haller, Chair
National Public Safety Telecommunications Council
