Scott Areman Gallery Scott Areman fuses the beauty and sexuality of the human form with the subtle lighting and color of Fine Art Erotica Photography. An accomplished professional with an international clientele, his work has been shown in galleries from New York to Seattle, and published worldwide.	**Miguel V. Arana Gallery** I love photographing women. I ask friends, family, people I meet in restaurants, in bars, pubs, anywhere. It's only a matter of matching the face and/or figure to the "image on your head".	**Kim Nielsen Gallery No. 2** The model I use is mostly my beautiful wife, who willingly poses, whenever an idea pops up in my head. On the odd occasions, I appear together with my wife on photographs, taken by other photographers.	**Manuel Laval Gallery** There is a gap in our culture, a blind spot on the map of our relationships. With my photography, I attempt to bridge this cultural gap. My pictures invite viewers to experience voyeurism as both pleasant and positive.
