Oppose the Comcast mega-merger!

Please do all that you can to oppose the proposed Comcast/Time Warner Cable merger, and stand up for constituents like me who are tired of skyrocketing cable rates, slow and selective broadband speeds, and lousy customer service.

Our country needs more competition in the cable and Internet marketplace, not less.

This merger will result in a Comcast behemoth that will be the dominant cable company in two-thirds of the country, be in 19 or the 20 largest cities, and control 40 percent of the broadband market. How is this a good thing for consumers who are already fed up with lousy service and high prices?

Please stand with consumers and speak out against this merger. Demand real competition in the cable TV and Internet marketplace, so we can get lower prices, better service and more innovation.
