Allowing Comcast & Time Warner to merge creates the largest government protected monopoly in history. Comcast has already lied to me, stolen from me, taken hours from my life, and used extortion. To allow a merger between these two conglomerates is to defecate directly on your constituents. Competition in the marketplace is the best way to protect consumers unless you're willing to do the right thing and protect your constituents by regulating internet access as a utility. Otherwise, REMOVE THE MONOPOLY.

Comcast lies, cheats, steals and extorts. Time/Warner isn't any different. It's time to stop the madness, and allow consumers a choice of providers. Go look at the most hated companies in America. When Comcast isn't number one, they're always in the top 5.

Stop the monopoly, stop the merger, open the market and let the consumers decide.
