Dear Tom Wheeler,

If you do this I will hunt you down and murder you and your fucking family in cold blood! This isn't a fucking joke moron! Is this really worth losing your life over? Don't fuck with me. Don't fuck with Net Neutrality. Don't fuck with the American people asshole.

We'll drag you and your corporate slave masters out of your home and put a bullet between your skull. I advise you to reconsider. You have been warned.
