My name is Patricia Gallagher. I am the technology coordinator at St. Mary Elementary school in Bethel, Connecticut. I started in this position the third week of October, 2013 so I am new to everything here. I wasn't aware of the deadlines for ERate. I submitted Form 470 on Friday, March 14 by mail since I do not have a PIN. I completed Form 471 April 22 and sent in the certification sheet. I would like to be able to finish this process for our school. Thank you for your consideration
