

FCC,

America has been screwed by lobbyist and major corporations in the past decade, e.g. 2008 Economic crash, War in Iraq, etc. I love Netflix, HBO Go, Amazon Prime, and Hulu Plus. I'm a college student. Internet streaming is my drug of choice.

If you allow these internet providers to have their way, what your saying is this, Americans, frankly speaking, of course, we don't give a shit. Corporations rule this country like the Lannisters rule Game of Thrones. So, we don't give a shit if you have all ready spent your extra you would rather spend on student loans to have premium streaming television. Rule a corporation or get ruled by a corporation. America is not for the middle-class. It's for the millionaires of this countries bosses. Lobbyist rule the government. And, corporations rule the lobbyist. If you don't like it, then, I mean this is all due respect, of course. Get fucked.

FCC due the right thing and limit the power of corporations.

Best,

Garrett
