**Re: Iowa Wireless Service, LLC et al.  
Change in Election Regarding Participation in the Commercial Mobile Alert System  
PS Docket No. 08-146**

Dear Ms. Dortch:

Pursuant to the *Third Report and order* in PS Docket No. 08-146, and *Public Notice* DA 08-1866, on August 29, 2008, Iowa Wireless Services, LLC d/b/a i wireless (“i wireless”) and the associated companies (also referred to herein as “brand partners”) listed in the attachment to the August 28 letter notified the Commission of their election not to participate in the Commercial Mobile Alert System (“CMAS”). Although i wireless and its brand partners each hold wireless licenses to provide commercial mobile radio service to customers, they provide service under the common brand name “i wireless”. Wireless customers receive service and bills under the i wireless brand name, and the networks and wireless facilities of i wireless and its brand partners are fully integrated to provide subscribers with a unified and seamless mobile service experience. i wireless takes primary responsibility for the filing of certain regulatory matters involving the i wireless brand name, which includes the filing of CMAS election information for i wireless and its brand partners.

i wireless and certain associated companies have upgraded their networks to enable full or partial participation in CMAS. Accordingly, this letter serves to notify the FCC of a change in election for i wireless and certain brand partners. i wireless and the brand partners listed in Exhibit A now elect to partially participate in CMAS. The company listed in Exhibit B elects to fully participate in CMAS. The companies listed in Exhibit C will not be changing their elections, and will continue to opt out of CMAS pursuant to the original August 29, 2008 notice.

Because i wireless and the brand partners each hold their own wireless licenses, it is i wireless’s understanding that each licensee will need to provide the appropriate CMAS election notice to its customers. Specifically, i wireless and those companies electing to transmit alerts in part will provide the notification set forth in Section 10.240(c), 47 C.F.R. § 10.240(c). The brand partners that continue to opt-out of CMAS will not change their notice procedures, and provide the notice set forth in Section 10.240(d), 47 C.F.R. § 10.240(d). The associated company that is electing fully participate is not required to provide any notice regarding its participation in CMAS.

As required by Section 10.210 of the Commission's rules, 47 C.F.R. § 10.210, i wireless and the associated companies fully or partially opting in agree to transmit CMAS alerts in a manner consistent with the technical standards, protocols, procedures, and other technical requirements implemented by the Commission. i wireless and the associated companies fully or partially opting in further commit to supporting the development and deployment of technology for the "C" interface, the CMS provider Gateway, the CMS provider infrastructure, and mobile devices with CMAS functionality and support of the CMS provider selected technology.

i wireless and the associated companies reserve the right to change their elections at a later date as circumstances warrant, and in accordance with the Commission's rules.

Respectfully submitted,

J. Craven Shumaker  
President and CEO  
Iowa Wireless Services, LLC
