There is no benefit to the citizens of this country in the changes to net neutrality you are preparing to approve. I have not even heard a viable attempt to spin it that comes close to convincing me of any redeemable principles. DO NOT GO FORWARD with these changes. DO NOT permit fast lanes that will freeze small companies out of competing on the internet. There is NO FREE MARKET if there is no fair competition on the internet. DO NOT DO THIS. IT HAS NO SUPPORT AMONG THE CITIZENS OF THIS COUNTRY WHO ARE NOT PAYING YOU FOR THESE CHANGES. You will not be able to hide the blatant favoritism of Comcast and Time Warner Cable in these changes. We are not remotely fooled. This will be destructive to real commerce in our country. PLEASE DON'T DO THIS.
