Dear Chairman Wheeler:

For years, we have dreamed of having a television Network that could provide a platform for relevant issues within the African American Faith-based communities to be displayed. This perspective, in many cases, is almost never fully explored. With the emergence of the Black Television News Channel, we believe Faith communities around the world will finally have a voice when it comes to sharing perspective on issues of common interest. We urge you to provide full support of this Network. It offers us a platform for information and discussion that otherwise would not exist.

Sincerely,

Pastors Carlos & Nicky Collins
