Maybe its time to get your asses out of the ground and stop cow towing to big buisness and big money. This is a freedom of speach issue. keep the internet free, equal, and open. and fuck a tiered system. Fuck you for thinking that could be fair. Just turn around and pretend it didn't happen. Wake up. tackle a real issue like guns, or campaign finance reform, or even nudity on tv. What about the fact that you can not say Fuck on tv but you can say the N word? Or that God Dami t has to be bleeped. What a joke. wake up. get real. drop this NOW
