**CONSENT MOTION FOR EXTENSION OF TIME TO REPLY TO
OPPOSITION TO
PETITION FOR SPECIAL RELIEF
BY ORDER OF CARRIAGE**

Western Pacific Broadcast, LLC (“Western Pacific”), pursuant to Rule 1.46, hereby respectfully requests that the Bureau grant Western Pacific an extension of time, ending on July 15, 2014, in which to file its reply to the opposition (the “Opposition”) submitted by Blue Ridge Cable Technologies (“Blue Ridge”) to Western Pacific’s above-captioned petition for an order requiring Blue Ridge to carry local commercial television station WACP in accordance with the Commission’s must carry rules and policies on Blue Ridge’s cable system(s) within the Philadelphia, PA designated market area for the remaining duration of the current must carry election cycle, expiring December 31, 2014.

The Opposition alleges that that Blue Ridge does not receive a good quality signal at Blue Ridge’s principal headends. Blue Ridge also had filed a request to exclude its CUIDs from

WACP's television market, but Blue Ridge agreed to dismiss that petition and has done so.¹ The settlement agreement obligates the parties to cooperate in efforts by Western Pacific to provide a good quality signal to the headends, thereby terminating the above-captioned must carry dispute.

Blue Ridge provides cable services to subscribers within the DMA from two headends. Late last year, the chief engineers of Western Pacific and Blue Ridge met at one of the two headends to measure the signal strength with the existing search antenna, supplemented with a preamp and a filter. On January 9, 2014, the chief engineers of Western Pacific and Blue Ridge met once again to measure the WACP signal strength at the second headend. At this juncture, Western Pacific needs to schedule a further measurement of the signal at the first headend with a higher quality receive antenna. To this end, Blue Ridge identified a portion of the headend tower at the first headend which it will make available for a receiver antenna, and Western Pacific has purchased the new, high-performance receiver. That receiver was delivered to Blue Ridge 3 days ago. It is hoped that the receiver will be mounted and tested within the next 5 weeks. These tests should resolve this dispute without the need for the Bureau to dedicate its resources to the consideration of the pleadings and the development of an order to formally resolve this dispute. But, the process will require more time to come to fruition.

The grant of this motion could only harm the movant, Western Pacific, who is the party requesting action by the Bureau.

For the foregoing reasons, the grant of this motion would be in the public interest. Counsel for Blue Ridge has authorized Western Pacific to represent that Blue Ridge is aware of the intention of Western Pacific to file this motion and will not interpose an objection to this motion.

¹ That market modification petition was assigned CSR-8793-A and Docket 13-130.

WHEREFORE, the foregoing premises considered, Western Pacific Broadcast, LLC hereby respectfully requests that the Bureau grant the additional time requested for Western Pacific Broadcast, LLC to submit its reply in the above-captioned matter.

Respectfully submitted,

WESTERN PACIFIC BROADCAST LLC
