

This is a very bad idea to even consider at all.

Who's insane proposal is this?

Who pays the legal fees?

What portion is being paid by American citizens,
unbeknownst to them?

I can't help think it was a corporation (a.k.a. "Person") who
wants to eliminate equality for economic profit, power & fun.
Please, we all know this equation has been enacted many
times. As school yard bullies steal naive kids lunch money or
specially prepared food.

"MIGHT makes Right" mentality and cunning behavior is
pursued relentlessly by the POWERS in the private and
public sectors.

When will it stop?

Patriots are paying you for their own demise.

How can American "Home of the Free and Land of the Brave"
citizens keep BULLIES away from their money and their lunch?

This is CUSTOMER (other "Person") ABUSE.

Consolidation rarely benefits the majority of school kids.

Bottom line: MAINTAIN NET NEUTRALITY... FOREVER!

Thank you
