Do not allow for any deals where payment for a better service between companies and ISP's.

The internet should be reclassified as a Title II public utility, and kept open and fair for everyone to use equally. It's impossible to succeed in the modern world without proper internet.

Companies have proven time and again that they are out for their own best interests.

While the public has been ignored and cast aside.

We should be a leader in how a fair and open internet is run. And with how fast our connections are and how affordable they are. We aren't even close to the leaders sadly.
