How dare you let BIG BUSINESS win again, against the PEOPLE. All of you are bought and paid for by these corporations and filthy rich people, who want to destroy this country and the rest of the world! Enough is enough! I am one of the millions of people who are living from paycheck to paycheck and barely making it! I can't afford another thing, that I need, with payment just so I can get on the internet faster and/or pay extra just to get something that I can get already! Enough! Enough! You are as corrupt and evil as the fucking 1%! I want my tax dollars back! WE, the people, pay for your ego-inflated job that you don't even do, except to give the RICH MORE!!! ENOUGH!!!
