Notes regarding the accompanying 53-page ECFS filing as a "Report" under the "Type of Filing" drop down menu.

This report, and this Notes document, are each filed on ECFS under docket 12-229 on June 19, 2014.

I attempted first to file the accompanying report as a "Notice of Ex Parte" with this drop down menu, however, the systems rejected that category.

Thus, I then selected the "Report" category, which the system permits.

This docket is a permit-but-disclose docket. See DA 12-1344. The accompanying 53-page Report is the required report under ex parte rules of my meeting of June 17 with FCC staff.
