I urge you to deny the request by Comcast to end RFD-TV's broadcast in Colorado and New Mexico. RFD-TV is a great channel with many benefits to viewers in that area and for that matter my Memphis area. There is no other channel like this on TV. It is unique and carries a variety of programming that is not carried on other channels. My concern is this could affect me in Memphis in the future because Comcast could seek to discontinue RFD-TV in other areas and affect RFD-TV's profitability.
