I've been with RFDTV since it was born. Same goes for Directv. It seems now a days that people and companies are taking things away from us. Why is that? If something ain't broke, don't fix it! RFDTV is one of the few channels that provides Wholesome Entertainment for the whole family. It's not a Reality Show, It's not a Drama, nor a guess my age program, it's Rural TV. We all don't live in the Big Cities, and have the Luxury to stay in those fancy hotels and resturants. But we do "Grow the Food You Eat, The Clothes you wear. The gas to heat your home and so on.

RFDTV provides Music programs that your actually understand the song and sing along with.

The channels we get with direct cost a lot of \$\$\$\$, but having said that , RFDTV is my main channel to watch. I know it sounds old fashioned but please don't take it away from us , I believe AT&T is buying Direct. . May I suggest one more thing , "There should be a package deal for people to pick from of the channels they want to have " , " Not the Channels the Channels we "Have to take" !!! I think this would generate more people to join the company than shop some where else .. Please Keep RFDTV on all satellite co. It's truley a "Family Channel for all Rural & City Residents throughout the Country !!
