Dear Sirs,

I Hope you will read this, I have been watching RFD TV for many years. With much sadness I fear that my station will be removed from the cable company.

I am a senior citizen and have little interest in a lot of the movies and programs on other channels.

I love the rural programs plus the music which includes bluegrass, country, and gospel.

I also watch the faith based programs.

I also like to keep up with farming rodeo etc.

Thank you for keeping this station on the air.
