25 June 2014: To WHom It May Cocnern;

As a Dish Network customer and a RFTD-TV channel member these channels need to be lefted along for they put on good family entertainment. I have been with the Dish Network for over 20 years and they have been will good customer service and if out of the network due to natural weather they are right on it in getting fixed as soon as possible for their customers. Thank you, Jerrell Messenger
