

Dear FCC,

Please remember the ideals of America, the country founded upon the sole idea of “fuck you, English pricks.” If this is passed it will be a clear sign that the American ideal is dead. So in the true spirit of AMERICA, go against the bidding of your corporate masters, regain your pride and sense of duty, and do not allow this to pass. This will ruin the internet as we know it, ensuring that when you go home to browse the internet for cat photos, you’ll be waiting for 30 minutes for a simple gif. Your gingerly parents, who annoy you as they ask you how to use the computer they are obviously too old to use, try to start their arts and crafts store on the internet, but no one wants to wait for the damn site to load thus destroying their dreams and independence. Your neighbor will no longer make any reasonable profit selling his possessions on Ebay or Amazon. And for god’s sake, WHAT WILL WE DO ABOUT PORN!!! HOW WILL WE WATCH BIG TIT BLOWJOBS FOR FREE!!! What of the educational sites for your child to advance his or her knowledge? Fuck it, they’re all gone because this bill has single handedly destroyed the world that we as a nation operate upon. The last frontier of fair play will be absolutely destroyed! You are not a monster, this is not your fault, and YOU DO have the power to do something about it. For the Love of AMERICA, DO NOT LET THIS HAPPENN!!

Sincerely,

AMERICA MOTHERFUCKER!!!!
