Living outside a city, I have absolutely terrible internet speeds already compared to everybody else. In terms of the nation at large, my speed is ranked at a D . And now with Comcast trying to buy Time Warner, and lobbying for the removal of net neutrality, it could take ages for a page to load. Well, a page that doesn't pay Comcast to let it load. Not only are we on the verge of a monopoly (the only ISPs in my area are Comcast, Time Warner, and AT
