

7521351087.txt

I am writing asking that RFD TV not be messed with. This is a great channel for rural America. Please do whatever is necessary to keep it on the air (Direct TV). I personally am waiting for the NHSRA finals to come on in August as my granddaughter will be there ON IT. All the programming is clean and entertaining.

I have many friends who don't do internet so cannot speak up as I am.
So please do whatever it takes.

Thank you,
Margaret Burge
