Re: **WC Docket No. 10-90, WC Docket No. 11-42**
2014 ETC Annual Report of Farmers Mutual Telephone Company d/b/a/
Chapin Telephone Company
Study Area Code 310694

Dear Ms. Dortch:

On behalf of Farmers Mutual Telephone Company d/b/a/ Chapin Telephone Company ("Chapin"), JSI files the attached confidential and redacted versions of the FCC Form 481 ETC annual reporting information pursuant to sections 54.313 and 54.422 of the Commission's rules.¹ Chapin seeks confidential treatment under Protective Order for section 54.313(f)(2) financial information.² The redacted version is also being filed this date via the FCC's Electronic Comment Filing System. In addition, attached is a letter requesting confidential treatment under Sections 0.457 and 0.459 of the initial section 54.202(a) Five-Year Service Quality Improvement Plan.³

Please direct any questions regarding the filing to the undersigned.

Sincerely,

John Kuykendall
JSI Vice President

**Re: WC Docket No. 10-90, WC Docket No. 11-42
2014 ETC Annual Report of Farmers Mutual Telephone Company d/b/a/
Chapin Telephone Company
Study Area Code 310694
Request for Confidentiality**

Dear Ms. Dortch:

John Staurulakis, Inc. (“JSI”), on behalf of its client Farmers Mutual Telephone Company d/b/a/ Chapin Telephone Company (“Chapin”) hereby requests, pursuant to Sections 0.457 and 0.459 of the Commission’s rules,¹ withholding from public inspection certain information contained in an attachment to the above referenced reporting requirement. The Company provides the following in support of its request, numbered consistent with the subparagraphs of Section 0.459(b).²

1. The information for which the Company is seeking confidential treatment is an attachment to the Company’s annual reporting information pursuant to Sections 54.313 and 54.422 of the Commission’s rules (“Report”).³
2. Rate-of-Return Eligible Telecommunications Carriers (“ETCs”) must file with the Commission an initial section 54.202(a) Five-Year Service Quality Improvement Plan (“Five-Year Plan”) which is contained in the attachment to the 2014 Report.⁴
3. The information contained in attachment for which the Company seeks the withholding from public inspection is the entirety of data pertaining to the Company’s Five-Year Plan provided at FCC Form 481 Line 112 attachment. Information of this nature is confidential commercial information routinely withheld from public inspection.

¹ 47 C.F.R. §§ 0.457, 0.459.

² 47 C.F.R. § 0.459(b)(1) through (9).

³ 47 C.F.R. §§ 54.313, 54.422.

⁴ See *In the Matter of Connect America Fund*, WC Docket No. 10-90, Order DA 14-591 (rel. May 1, 2014).

Echelon Building II, Suite 200
9430 Research Blvd., Austin, TX 78759
phone: 512-338-0473, fax: 512-346-0822

Eagandale Corporate Center, Suite 310
1380 Corporate Center Curve, Eagan, MN 55121
phone: 651-452-2660, fax: 651-452-1909

6849 Peachtree Dunwoody Road
Bldg. B-3, Suite 200, Atlanta, GA 30328
phone: 770-569-2105, fax: 770-410-1608

547 South Oakview Lane
Bountiful, UT 84010
phone: 801-294-4576, fax: 801-294-5124

4. With respect to identifying the degree to which the subject attachment concerns a service that is subject to competition, the information is of a financial and competitive nature regarding the provision of telecommunications services. The Line 112 attachment contains competitively sensitive information related to proposed improvements or upgrades and maintenance the Company's network.

In its *March 5, 2013 Order*, the FCC. The FCC specified that for rate-of-return carriers, the five-year plans "should describe the carrier's network improvement plan, which should provide greater visibility into current plans to extend broadband service to unserved locations in rate-of-return service territories."⁵ Accordingly, because the Company is a rate-of-return carrier, it must file a five-year service improvement plan which contains proprietary, competitively sensitive information related to the Company's existing network including the specific locations of customers as well as describe proposed improvements or upgrades and maintenance of its network throughout its service area. Specifically, this information sets forth services provided by the Company over its existing network including specific locations of customers as well as planned network improvement and maintenance for the years 2015 through 2019 including project start and completion dates, population that will be impacted by the improvements and upgrades at the wire center level and projected capital costs associated with the improvements and upgrades and operating costs associated with maintaining the network including depreciation for investments that have already been made. As such, this information contains competitively sensitive information related to the Company's existing network as well as detailed plans at the wire center level for network upgrades and maintenance projected for the years 2015 through 2019.

5. With respect to identifying possible exposure to competitive harm, the information contained in the Line 112 attachment is information that is not customarily released to the public. This information is proprietary to the Company, is unique to the Company's serving territory and is only known to the Company and its authorized agents. If the Information is not protected, it would have economic value to potential competitors who would be able to target their marketing to specific customers. In a competitive telecommunications marketplace, this type of information is highly sensitive. If publicly disclosed, it would enable competitors to craft business plans that capitalize on their knowledge of the locations of the Company's customers which would place the Company at a competitive disadvantage.
6. With respect to steps the Company has taken to ensure against unauthorized disclosure of the information contained in the attachment, the Company is filing the attachment under seal. The Company uses the information contained in the Five-Year Plan to ensure that its customers continue to receive state-of-the-art

⁵ See *Connect America Fund et al., WC Docket 10-90 et al., Order, DA 13-332* (rel. Mar. 5, 2013) ("*March 5, 2013 Order*") at para 9 citing Section 54.202(a) (1) (ii).

high quality telecommunications and broadband services that the Company has been providing to them for many years as well as to satisfy mandatory reporting requirements and does not share the information for which protection is sought. The Company protects the secrecy of this information with a security protocol that ensures the information is not inadvertently disclosed or disseminated. Only directors, managers and employees with a direct need to know are authorized to access the information.

7. Any previous versions of this information are not publicly available.
8. Because the information is not routinely available, a need exists for maintaining the confidentiality of this information permanently.
9. Not applicable.

Based on the preceding, JSI respectfully requests on behalf of the Company that the Commission grant confidential treatment under Section 0.459 to Company's Five-Year Plan provided at FCC Form 481 Line 112 attachment.

Please contact the undersigned with any questions regarding this request.

Sincerely,

John Kuykendall
JSI Vice President

TO BE COMPLETED BY THE REPORTING CARRIER, IF AN AGENT IS FILING ANNUAL REPORTS ON THE CARRIER'S BEHALF:

Certification of Officer to Authorize an Agent to File Annual Reports for CAF or LI Recipients on Behalf of Reporting Carrier	
I certify that (Name of Agent) <u>John Staurulakis, Inc</u> is authorized to submit the information reported on behalf of the reporting carrier. I also certify that I am an officer of the reporting carrier; my responsibilities include ensuring the accuracy of the annual data reporting requirements provided to the authorized agent; and, to the best of my knowledge, the reports and data provided to the authorized agent is accurate.	
Name of Authorized Agent:	John Staurulakis, Inc
Name of Reporting Carrier:	FARMERS DBA CHAPIN
Signature of Authorized Officer:	CERTIFIED ONLINE Date: 06/23/2014
Printed name of Authorized Officer:	Laurie Ringle
Title or position of Authorized Officer:	Treasurer
Telephone number of Authorized Officer:	9896612476 ext.
Study Area Code of Reporting Carrier:	310694 Filing Due Date for this form: 07/01/2014
Persons willfully making false statements on this form can be punished by fine or forfeiture under the Communications Act of 1934, 47 U.S.C. §§ 502, 503(b), or fine or imprisonment under Title 18 of the United States Code, 18 U.S.C. § 1001.	

TO BE COMPLETED BY THE AUTHORIZED AGENT:

Certification of Agent Authorized to File Annual Reports for CAF or LI Recipients on Behalf of Reporting Carrier	
I, as agent for the reporting carrier, certify that I am authorized to submit the annual reports for universal service support recipients on behalf of the reporting carrier; I have provided the data reported herein based on data provided by the reporting carrier; and, to the best of my knowledge, the information reported herein is accurate.	
Name of Reporting Carrier:	FARMERS DBA CHAPIN
Name of Authorized Agent or Employee of Agent:	John Staurulakis, Inc.
Signature of Authorized Agent or Employee of Agent:	CERTIFIED ONLINE Date: 06/23/2014
Printed name of Authorized Agent or Employee of Agent:	Amanda Molina
Title or position of Authorized Agent or Employee of Agent:	Staff Consultant Regulatory Affairs
Telephone number of Authorized Agent or Employee of Agent:	7705692105 ext.

Chapin Telephone Company's demonstration of complying with applicable service quality standards and consumer protection rules for voice and broadband services:

In establishing this certification in its *2005 ETC Order*,¹ the FCC found that an ETC must make "a specific commitment to objective measures to protect consumers."² The Commission found that for wireless ETCs, compliance with CTIA's Consumer Code for Wireless Service would satisfy this requirement" and that the sufficiency of other commitments would be considered on a case-by-case basis.³ In this context, the FCC stated, "to the extent a wireline or wireless ETC applicant is subject to consumer protection obligations under state law, compliance with such laws may meet our requirement."⁴

Chapin Telephone Company ("Company") hereby certifies that it is complying with applicable service quality standards and consumer protection rules. The Company is subject to consumer protection obligations for voice services under state law. These obligations include, but are not limited to, the following: (1) filing a Local Exchange Tariff pursuant to the requirements of The Michigan Public Service Commission (MPSC), as specified in Section 202(b) of the Michigan Telecommunications Act (MTA) and MPSC Case No. U-11103, which disclose rates, terms and conditions of service to customers; (2) adherence to Michigan state consumer protection requirements governing telephone providers, Prohibitions as identified in Sections 305 and 502 of the MTA, Costing Procedures as

¹ *Federal-State Joint Board on Universal Service*, CC Docket No. 96-45, Report and Order, FCC 05-46 (rel. Mar. 17, 2005) ("*2005 ETC Order*").

² *Id.* at para. 28.

³ *Id.* The FCC noted that under the CTIA Consumer Code, wireless carriers agree to: "(1) disclose rates and terms of service to customers; (2) make available maps showing where service is generally available; (3) provide contract terms to customers and confirm changes in service; (4) allow a trial period for new service; (5) provide specific disclosures in advertising; (6) separately identify carrier charges from taxes on billing statements; (7) provide customers the right to terminate service for changes to contract terms; (8) provide ready access to customer service; (9) promptly respond to consumer inquiries and complaints received from government agencies; and (10) abide by policies for protection of consumer privacy." *Id.* at n. 71.

⁴ *Id.* at n. 72.

determined by the MPSC in Case No. U-11103, and Compliance with Anti-Slamming Procedures as adopted in MPSC Case No. U-11757 and Case No. 11900; and (3) CPNI, Red Flag Rules and other applicable federal and state requirements governing the protection of customers' privacy.

As an incumbent licensed local exchange carrier in Michigan, the Company has operated for many years in the telecommunications industry, an industry that has had varying degrees of regulation. The Company's long-time operations in this regulated industry have made it aware of applicable standards and rules. The Company periodically reviews and stays abreast of changes in standards and rules. The Company is a member of a state industry association that monitors these changes and provides information to its members. The Company also hires consultants and attorneys to assist when reasonable or necessary.

As a licensed telecommunications carrier in Michigan, the Company is subject to the Michigan Telecommunications Act (MTA), MCL 484.2101 *et seq.*, and the jurisdiction of the Michigan Public Service Commission (MPSC). The Company must comply with the numerous obligations relating to telecommunications service set out in the MTA and rules the MPSC has adopted under the MTA, the federal Communications Act as amended (FTA), and rules the FCC has adopted under the FTA; and the Company must comply with generally applicable state consumer protection laws.

The Company's obligations include: (1) filing a local exchange service tariff pursuant to the requirements of the MPSC in accordance with section 202(b) of the MTA, MCL 484.202(b), that complies with cost and rate rules stated in the MTA and the MPSC's orders, including the order in MPSC Case No. U-11103 (June 5, 1996), which discloses the rates and terms of service to customers; (2) complying with Michigan's consumer protection law,

MCL 445.901 *et seq.*; complying with the MTA's consumer-oriented conduct requirements set forth in MCL 484.2502, which prohibit, among other things, false, deceptive or misleading statements, cramming, inappropriate charges, causing a probability of confusion, misleading representations regarding the delivery of service, and certain disconnections; (4) complying with Michigan Anti-Slamming Procedures, including those in the MTA, MCL 484.2305, and related rules the MPSC adopted, such as those adopted in Orders in MPSC Case Nos. U-11757 and U-11900; (5) complying with state and federal requirements regarding E 9-1-1 service, basic local exchange service and related matters per Section 2305b(c) of the MTA, MCL 484.2305b(c); and (6) complying with state and federal requirements relating to protecting customers' privacy, including state and federal requirements as to confidential proprietary network information (CPNI) and identity theft.

The Company has consistently taken action to ensure compliance with all of the above by, among other things, the following: it has filed a local exchange service tariff with the MPSC commitment to objective measures to protect consumers." *Id.* at para. 28. The FCC found that for wireless ETCs, compliance with CTIA's Consumer Code for Wireless Service would satisfy this requirement" and that the sufficiency of other commitments would be considered on a case-by-case basis in accordance with MPSC rules, and that tariff is readily available to customers on line; it has trained its customer service representatives to explain to customers rates, charges, terms and conditions of service, available programs and to furnish customers with reasonable access to information and assistance and the like; it has trained its customer service representatives to interact with customers respectfully and in accordance with consumer protections; it maintains a business office adequately staffed with qualified persons to assist customers; it notifies its customers of their rights; it notifies its

customers regarding the *67 feature and similar functions; it notifies its customers of the Do-Not-Call list and how to participate; it provides directories to customers containing information about programs, rights and responsibilities, and *67 service, among other things (a copy is available in prior state ETC filings); it has adopted an Identity Theft Prevention Policy (a compliance manual and operating procedures—a copy is available in prior state ETC filings) consistent with all applicable “Red Flag” rules; it passes through to its customers all state and federal Lifeline and Link-up discounts, and notifies its customers of the Lifeline program and how to apply if eligible; it has adopted a CPNI compliance manual and operating procedures (a copy is available in prior state ETC filings) consistent with all applicable laws, conducts employee CPNI training, and provides access to CPNI rules in its business office. Also, the Company has certified to the FCC that it complies with the FCC’s CPNI rules.

The Company is subject to consumer protection obligations for broadband services under federal law. These obligations include, but are not limited to, the following: public disclosure of accurate information regarding network management practices, performance, and commercial terms of broadband internet access services; as a means of providing sufficient information for consumers to make informed choices regarding use of such services, and for content, application, service and device providers to develop, market, and maintain internet offerings as specified in F.C.C. 47 C.F.R. Part 8 §8.3.

Chapin Telephone Company's demonstration of ability to function in emergency situations for voice and broadband services:

Chapin Telephone Company ("Company") hereby certifies that it is able to function in emergency situations as set forth in the Code of Federal Regulations, Title 47, Part 54, Subpart C, §54.202(a)(2)¹ and the Michigan Telecommunications Act (MTA). The Company's network is designed to remain functional in emergency situations without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations as required by Section 54.202(a)(2). The Company can change call routing translations as needed to reroute traffic around damaged facilities. Changing call routing translations will also allow the Company to manage traffic spikes throughout its network, as emergency situations require.

Specifically, each central office building is supplied with standby generators and battery back-up that enable the central office to keep running until power is restored so long as fuel is available, or until system changes are made to reroute traffic. The Company has battery backup at all office locations and in its electronic equipment sites in accordance with the specifications identified in Section 305c(a) of the MTA, 484.2305c Emergency power requirements; compliance.

The Company has back-up battery reserve in its central office, which enables it to provide service for a minimum of 8 hours, allowing it to function in an emergency situation without an external power source. It also has a standby generator and mobile power units, which can be taken to outside cabinets when needed. Together, the generators and battery back-up enable the Company's

¹ Section 54.202(a)(2) requires ETCs that are designated by the Commission to "demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations."

central offices to keep running until power is restored (so long as fuel is available), or until system changes are made to re-route traffic.

The Company has redundancy in its network to use in rerouting traffic when its facilities are damaged. The Company also can change call routing translations as needed to re-route traffic around damaged facilities.

The Company's network is engineered to provide maximum capacity in order to manage traffic spikes resulting from an emergency situation. By having back-up power ready and available and having redundancy, all of the Company's facilities are able to keep traffic moving and connecting so as to manage any traffic spikes that may arise from emergency situations.

The company's standby generators and battery back-up support both voice and broadband network equipment should an emergency situation occur.
