

7521355815.txt

Being charged \$150.00 for terminating my contract with Verizon as I told them I was moving when I took contract and was told no problem as I could transfer my service. Well, come to find out I could not keep my number even though in the same town or could they provide internet service. Therefore, I do not feel I should have to pay penalty for service they could not provide. They also have taken money out of my checking account without my permission.

This is in reference to Acct. #0680832750
