RE: *Connect America Fund*, WC Docket No. 10-90

Dear Ms. Dortch:

On behalf of its affiliated local exchange carriers, (“LECs”), FairPoint Communications Corp. (“FairPoint”) hereby files its annual report and certifications as required by sections 54.313 and 54.422 of the Commission’s rules, including rate floor data pursuant to 54.313(h).¹ A copy of the report is also being filed with the Universal Service Administrative Company, Tribal governments, where applicable, and each relevant State public service commission in which FairPoint operates as an ETC.

Portions of this filing are being made confidentially in accordance with the Federal Communications Commission’s *Third Protective Order* in the above-captioned Docket WC 10-90.²

This filing contains confidential, commercially sensitive information on network outages, customer information by exchange, FairPoint’s past, present and future network deployment activities, and FairPoint’s engagements with Tribal governments. FairPoint requests that all of this confidential information, as indicated on the enclosed documents, be withheld from public inspection.

¹ FairPoint encloses FCC Form 481 for the 33 LECs (serving 31 study areas) listed on the last page of this cover letter. Following the 481 reports, FairPoint encloses rate floor data for the 12 study areas in which the LEC is receiving high-cost support.

² *Connect America Fund, et al., WC Dockets 10-90, et al., Third Protective Order, DA 12-1418 (Wireline Competition Bur. & Wireless Telecom. Bur., rel. August 30, 2012).*

REDACTED – FOR PUBLIC INSPECTION

Confidential treatment is appropriate for the detailed reporting of outages, which includes location, cause, duration and efforts taken to prevent further outages, the number of complaints per 1000, and the rate floor loop counts with the associated regulatory fees. This information is competitively sensitive and is not normally released to the public; release of this information could give FairPoint's competitors an advantage in the market. Section 4.2 of the Commission's rules states that reports of service disruptions are "presumed to be confidential." 47 C.F.R. §4.2.

Confidential treatment also is merited for FairPoint's unfulfilled voice and broadband service requests. This information is competitively sensitive as it may provide an indication of where FairPoint may target future service expansion. This information is not normally released to the public; release of such sensitive data could give FairPoint's competitors an advantage in the market.

In addition, the list of FairPoint's broadband price offerings is confidential and competitively sensitive. While some broadband price offerings may be publicly available on a targeted and localized basis, FairPoint has not published a companywide description of its pricing across all markets, as contained in this report. Pricing is a key component of broadband competition and is not normally released to the public on this scale. Release of such sensitive data could give FairPoint's competitors an advantage in the market.

Finally, confidential treatment of FairPoint's Tribal engagements is appropriate. FairPoint has not published the details of its Tribal engagements as this data is customer-specific. Release of such sensitive data could give FairPoint's competitors an advantage in the market.

In accordance with the Third Protective Order, FairPoint's Stamped Confidential Documents have been marked, "CONFIDENTIAL INFORMATION — SUBJECT TO THIRD PROTECTIVE ORDER IN WC DOCKET NOS. 10-90, 07-135, 05-337, 03-109, GN DOCKET NO. 09-51, CC DOCKET NOS. 01-92, 96-45, WT DOCKET NO. 10-208 BEFORE THE FEDERAL COMMUNICATIONS COMMISSION." In addition to the copy provided herewith, two copies of the Stamped Confidential Documents are included for the Wireline Competition Bureau.

FairPoint also provides two redacted versions of each document, marked: "REDACTED – FOR PUBLIC INSPECTION," in accordance with the Third Protective Order.
