CHECK the boxes below to note compliance on the five year service quality plan (pursuant to 47 CFR § 54.202(e)) and, for privately held carriers, ensuring compliance with the financial reporting requirements set forth in 47 CFR § 54.133(f)(2). Further certify that the information reported on this form and in the documents attached below is accurate.

(3010) Progress Report on 5 Year Plan
 Milestone Certification (47 CFR § 54.131(f)(1)(i))
 Name of Attached Document Listing Required Information

(3011) Please check this box to confirm that the attached document(s), on line 3017, contains the required information pursuant to § 54.131(f)(1)(ii). The carrier shall provide the number, name, and addresses of community anchor institutions to which began providing access to broadband service in the preceding calendar year.

(3012) Community Anchor Institutions (47 CFR § 54.131(f)(1)(iii))
 Name of Attached Document Listing Required Information (Yes/No)

(3013) Is your company a Privately Held ROR Carrier (47 CFR § 54.131(f)(2))
 (3014) If yes, does your company file the RUS annual report
 Please check these boxes to confirm that the attached document(s), on line 3017, contains the required information pursuant to § 54.133(f)(2). Compliance requires:
 (3015) Electronic copy of their annual RUS reports (Operating Report for Telecommunications Borrowers)
 (3016) Document(s) for Balance Sheet, Income Statement and Statement of Cash Flows

(3017) If the response is yes on line 3014, attach your company's RUS annual report and all required documentation
 Name of Attached Document Listing Required Information (Yes/No)

(3018) If the response is no on line 3014, is your company audited?
 If the response is yes on line 3018, please check the boxes below to confirm your submission, on line 3028 pursuant to § 54.133(f)(2), contains

(3019) Either a copy of their audited financial statement or (2) a financial report in a format comparable to RUS Operating Report (or Telecommunications
 (3020) Document(s) for Balance Sheet, Income Statement and Statement of Cash Flows
 (3021) Management letter issued by the independent certified public accountant that performed the company's financial audit.
 If the response is no on line 3018, please check the boxes below to confirm your submission, on line 3028 pursuant to § 54.133(f)(2), contains:

(3022) Copy of their financial statement which has been subject to review by an independent certified public accountant or (2) a financial report in a format comparable to RUS Operating Report (or Telecommunications Borrowers)
 (3023) Underlying information subjected to a review by an independent certified public accountant

(3024) Underlying information subjected to an officer certification.
 (3025) Document(s) for Balance Sheet, Income Statement and Statement of Cash Flows

FCC Form 481

Line 100- Service Quality Improvement Reporting
{47 CFR 54.313(a)(1)}

In the FCC's Public Notice DA 14-951, released May 1, 2014, the FCC waived the requirement for price cap ETCs to file a five-year plan.¹

¹ The Public Notice stated, in relevant part:

We now grant a waiver of this requirement for price cap ETCs for an additional year. Because the Bureau just finalized the Connect America Cost Model, and price cap carriers have not yet had the opportunity to make a state-level commitment for Connect America Phase II, we find that it is not in the public interest to require price cap ETCs to file new five-year plans in 2014 for the same reason as last year: they do not yet know which areas they will be serving in the future.

Standish/Maine Telephone Company
100025

Line 330

For the period January 1, 2013 through December 31, 2013, Maine Telephone Company (SAC #100025) had

Standish Telephone Company/Maine Telephone Company**Maine****100025****Line 510: Service Quality Reporting/Consumer Protection Rules Compliance**

Standish Telephone Company/Maine Telephone Company, hereby certifies that it is complying with applicable service quality standards and consumer protection rules. The Company complies with service quality and consumer protection provisions under state law. These provisions include, but are not limited to, the following: (1) filing a Local Exchange Tariff pursuant to the requirements of The Maine Public Service Commission which discloses rates, terms and conditions of service to customers; (2) compliance with state consumer protection provisions relating to Customer Services as identified in the Code of State Regulations, compliance with provisions for Quality of Service as identified in the Code of State Regulations, compliance with Service Objectives as identified in the Code of State Regulations, compliance with customer inquiry procedure as identified in the Code of State Regulations, compliance with Dispute standards as identified in the Code of State Regulations; (3) compliance with truth-in-billing requirements; and (4) compliance with Federal CPNI rules, Red Flag Rules and other applicable federal and state requirements governing the protection of customers' privacy.

In establishing this certification in its *2005 ETC Order*,¹ the FCC found that an ETC must make "a specific commitment to objective measures to protect consumers."² The Commission found that for wireless ETCs, compliance with CTIA's Consumer Code for Wireless Service would satisfy this requirement and that the sufficiency of other commitments would be considered on a case-by-case basis. In this context, the FCC stated, "to the extent a wireline or wireless ETC applicant is subject to consumer protection obligations under state law, compliance with such laws may meet our requirement."³

Maine Telephone Company, Standish Telephone Company, China Telephone Company, Northland Telephone Company and Sidney Telephone company (collectively the TG companies) are not currently under any "formal" Service Quality Reporting. The companies do report Service quality metrics on a quarterly basis. This is based on a verbal agreement with the Maine Public Utilities commission (the PUC). The TG companies report quarterly on 5 metrics: The five metrics are – Network Trouble report rate, % troubles not cleared in 24 hours, % install appointments not met, Average delay days for missed appointments, and outages. There are no benchmarks and no consequences for not reaching certain numbers.

If a customer has a concern about their FairPoint Communications' service or billing, he/she can contact repair service, technical support or customer service with information found on their statement. Customers may also contact agencies, through information posted in the phone directory, website, and tariff pages. All consumer complaints whether from Attorney Generals' offices, Public Utility Commissions, Better Business Bureaus, Federal Communications Commission and all other agencies are sent to the FairPoint Communications' Maine office via U.S. Mail or by electronic mail at consumer@fairpoint.com. The complaints are directed to the appropriate responsible Company Team member within FairPoint Communications for resolution and response to the customer.

Form 481 Line 610: Functionality in Emergency Situations

Business Continuity Plan Overview

Introduction

FairPoint Communications, Inc. ("FairPoint") is committed to maintaining a vigilant state of disaster preparedness for the interests of our customers, stockholders, employees and other critical stakeholders.

The purpose of our Business Continuity Plan (BCP) is to define the disaster preparedness and recovery protocols and procedures required to restore FairPoint's critical business support functions, inside and outside plant systems and operations within FairPoint's operating footprint.

BCP components detail FairPoint's procedures for preparing for and responding to an emergency situation affecting our ability to deliver core services to our customers and our ability to meet legal dictates, and regulatory requirements.

This document discusses the following:

- BCP Scope & Structure
- Recovery Strategies and Logistics
- Plan Maintenance and Exercising

BCP Scope

FairPoint's business continuity response planning is concentrated on two critical operational areas:

- Customer Interfacing – It is recognized that a "business impact" only occurs when an *external-interfacing* element is disrupted. In essence, this means that if FairPoint experiences a disruptive event, but one that does not breach the outer-shell of the FairPoint operation and interrupt critical customer services, customer product or other external end-user, then it does not have a business impact, as defined by the BCP
- Infrastructure Integrity – Without critical infrastructure systems, the ability for all other FairPoint business operations (back/front office) can come to a halt. It is these infrastructure systems that provide the critical human-factor of our customer-interfacing services. Critical infrastructure would address such services / systems as, building space for staff, service utilities, telecom network, IT network, etc.

The BCP has been developed to assure the continuity of critical customer interfacing services and systems should a physical incident or workforce disruption event occur, which affects:

- IT/IS
- Administrative and Support Operations
- Inside and Outside Plant Operations
- NOC (Network Operations Center)
- E-9-1-1
- Dispatch
- Repair Center

FairPoint has developed response / recovery strategies addressing physically disruptive incidents and workforce related disruptive incidents (i.e., work-stoppage and pandemic). All response strategies are based on recovery time objectives of those department functions and critical infrastructure systems essential to sustain customer interfacing services.

FairPoint Communications

1 Davis Farm Road
Portland, ME 04103

Barney Boynton
Director, Operational Risk

BCP Structure

The BCP consists of several components:

- The BCP Manual (an overview of all BCP documents)
- IR Playbooks (addresses the response procedures for Physical and Workforce related events),
- Appendices (the IR Playbook procedures links to these Resources Files)
- Department Recovery Plans (Business and Plant Operations)
- Business Impact Assessments (Business and Plant Operations)

The Event Response diagram below identifies the overall BCP documentation and how a disruption or incident will dictate which path of the BCP will be followed to restore business operations.

Once the incident or disruption occurs, the impact first needs to be quickly assessed to determine whether it is a physically disruptive event (local or regional) ("Physically Disruptive Event") or a workforce disruptive event (work-stoppage or pandemic) ("Work-Force Related Disruptive Event"). The disruption is always focused on critical business operations and services that can impact customer interfacing / deliverables.

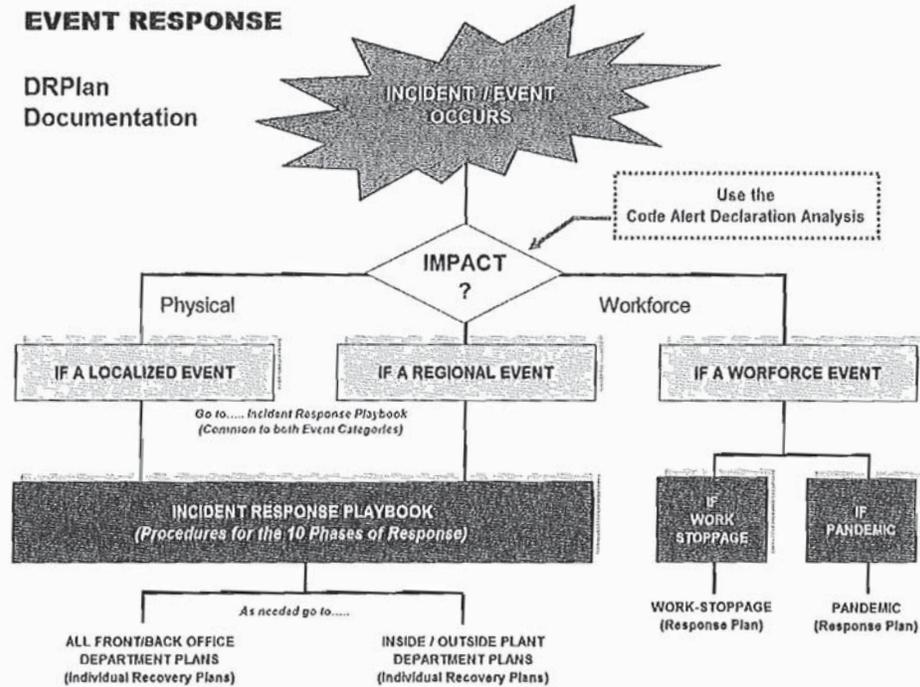

FairPoint Communications

1 Davis Farm Road
Portland, ME 04103

Barney Boynton
Director, Operational Risk

EVENT RESPONSE

DRPlan
Documentation

Recovery Strategies and Logistics

Our BCP is based on the premise that FairPoint cannot stop disasters from occurring, but we can address the IMPACT of incidents should they occur. Where possible we will provide risk mitigation measures that will minimize the likelihood of having a serious disruptive incident but in no case can we eliminate all disruptive possibilities. The BCP is triggered by a Disruption Scenario, not a Threat Scenario. FairPoint pre-plans for potential break-points that can result in a customer interfacing disruption and incorporates recovery strategies that will inherently address any potential threat and any resulting business disruption impact. The actual threat (i.e. fire, flood, etc.) is pertinent only with respect to immediate response activities. All subsequent response efforts are focused on the assessment of damages (physical losses and recovery duration) and the implementation of restoration and recovery strategies. The restoration of the business servicing operations and infrastructure systems is based on salvage, replacement of systems and alternate functionality measures, which are pre-defined in the BCP.

Each department has developed a recovery plan based on its critical operations as they pertain to the deliverables they contribute to our customers. FairPoint has triaged the recovery efforts based on the concept of customer servicing impact. Federal and State regulatory requirements have a high level of consideration in

FairPoint Communications

1 Davis Farm Road
Portland, ME 04103

Bamey Boynton
Director, Operational Risk

addition to the business impact concerns. The BCP goal is to minimize the disruption duration as much as is practical and provide a level of risk mitigation that will maintain critical operations.

The Ten Response Phases of Physical Event are:

- Incident Notification
- Visual Damage Assessment
- Incident Stabilization
- Command Center Initiation
- Initial Notifications to Business Departments – to activate plans
- Primary Site Damage Assessments
- Ready Alternate Restoration Sites
- Primary Site Salvage & Recovery
- Business Restoration Process
- Primary Site Re-established

Plan Maintenance and Exercising

The BCP is a living document. Updates to the plan are ongoing with changes incorporated annually at a minimum. Individual plan components are scenario tested with oversight from FairPoint's Corporate Risk Management Team.

FCC FORM 481

Line 1010 –Voice Service Rate Comparability

The pricing of the company's voice services is no more than two standard deviations above the applicable national average urban rate for voice service, as specified in the most recent public notice, FCC DA14-384 released on March 20, 2014.

For Rates See Attachment: (700) Company Price Offerings (voice)

Form 481 Line 1210- Terms & Conditions for Lifeline Customers

Maine Telephone Company provides a Lifeline Program discount for residence service for eligible low income customers. The Lifeline Program discount is applied to any month to month residence local service, package or bundle offering. The discount is intended to offset the Subscriber Line Charge and local line charge, although eligible packages and bundles may have toll calling included in the pricing for the offering.

The Catalog pages outlining the terms of the Lifeline Program in Maine Telephone Company are attached. The terms and conditions of residential basic local exchange service, package and bundle offerings can be found at <http://www.tariffs.net/fairpoint/tier.asp?cid=1644>.

GENERAL SYSTEMS AND SERVICES (Cont'd)

LIFELINE PROGRAM

- (1) The Company shall provide Lifeline service as defined in 47 C.F.R. § 54.401 (a) on a non-discriminatory basis to all qualifying low-income customers. The Company's Lifeline service offering shall comply with all applicable federal and state laws, including, but not limited to 47 C.F.R. Part 54, Subpart E; the FCC's Lifeline reform order (Report and Order released February 6, 2012, WC Docket No. 11-42, et.al) and any subsequent clarifying orders.

GENERAL SERVICES

(N)

P. SCREENED ONE PARTY SERVICE (Cont'd)

4. TOLL RESTRICTION SERVICE (Cont'd)

b. Rates and Charges

1. The following rates and charges are in addition to all other applicable rates and charges.

	<u>Non Recurring Charge</u>	<u>Monthly Charge</u>
Per central office line equipped	*	\$5.00

*Appropriate Section Service Charges apply.

2. Regulations regarding connection of terminal equipment as shown in Section 7 apply.
3. If a Customer has a scheduled payment arrangement which is agreed to by both the Company and the Customer to collect a past due balance, the Company may at its discretion waive the service charges and monthly rates when the service is added as a means of controlling the Customers bill.
4. For any Customer that qualifies under the Lifeline Assistance Program the Company will waive the service charge and monthly rates for Toll Restriction Service.

c. Payment Arrangement Provisions

1. When a Customer's local serving office is suitably equipped to provide screened billing the company may waive a Customer's payment of the service charges and monthly rates when the feature is added as a means of controlling a Customer's bill. If a Customer fails to complete a payment arrangement that has been renegotiated at least once the company may require screened billing as a condition to negotiations for the third or subsequent arrangement. The screened billing will remain on the line until the arrangement is completed
