In the FCC's Public Notice DA 14-951, released May 1, 2014, the FCC waived the requirement for price cap ETCs to file a five-year plan.<sup>1</sup>

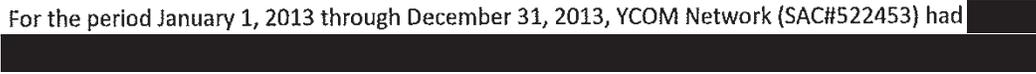

---

<sup>1</sup> The Public Notice stated, in relevant part:

We now grant a waiver of this requirement for price cap ETCs for an additional year. Because the Bureau just finalized the Connect America Cost Model, and price cap carriers have not yet had the opportunity to make a state-level commitment for Connect America Phase II, we find that it is not in the public interest to require price cap ETCs to file new five-year plans in 2014 for the same reason as last year: they do not yet know which areas they will be serving in the future.

**Line 510: Service Quality Reporting/Consumer Protection Rules Compliance:**

YCOM Networks, Inc. hereby certifies that it is complying with applicable service quality standards and consumer protection rules. The Company complies with service quality and consumer protection provisions under state law. These provisions include, but are not limited to, the following: (1) filing a Local Exchange Tariff pursuant to the requirements of The Washington Public Service Commission which discloses rates, terms and conditions of service to customers; (2) compliance with state consumer protection provisions relating to Customer Services as identified in the Code of State Regulations, compliance with provisions for Quality of Service as identified in the Code of State Regulations, compliance with Service Objectives as identified in the Code of State Regulations, compliance with customer Inquiry procedure as identified in the Code of State Regulations, compliance with Dispute standards as identified in the Code of State Regulations; (3) compliance with truth-in-billing requirements; and (4) compliance with Federal CPNI rules, Red Flag Rules and other applicable federal and state requirements governing the protection of customers' privacy.

In establishing this certification in its *2005 ETC Order*,<sup>1</sup> the FCC found that an ETC must make "a specific commitment to objective measures to protect consumers."<sup>2</sup> The Commission found that for wireless ETCs, compliance with CTIA's Consumer Code for Wireless Service would satisfy this requirement and that the sufficiency of other commitments would be considered on a case-by-case basis. In this context, the FCC stated, "to the extent a wireline or wireless ETC applicant is subject to consumer protection obligations under state law, compliance with such laws may meet our requirement."<sup>3</sup>

YCOM Networks Inc. is not subject to Service Quality reporting requirements in Washington.

If a customer has a concern about their FairPoint Communications' service or billing, he/she can contact repair service, technical support or customer service with information found on their statement. Customers may also contact agencies, through information posted in the phone directory, website, and tariff pages. All consumer complaints whether from Attorney Generals' offices, Public Utility Commissions, Better Business Bureaus, Federal Communications Commission and all other agencies are sent to the FairPoint Communications' Maine office via U.S. Mail or by electronic mail at [consumer@fairpoint.com](mailto:consumer@fairpoint.com). The complaints are directed to the appropriate responsible Company Team member within FairPoint Communications for resolution and response to the customer.

WASHINGTON TELEPHONE ASSISTANCE PROGRAM

WASHINGTON TELEPHONE ASSISTANCE PROGRAM

The Company participates in the Washington Telephone Assistance Program ("WTAP"), as provided in RCW 80.36.410 through .470, and Chapters 480-122 and 388-273 of the Washington Administrative Code (collectively the "WTAP laws"), offers to eligible subscribers the WTAP and applies to switched access lines within its exchange areas the excise tax related to the WTAP described therein.

Subscribers eligible to participate in the WTAP, as well as certain subscribers eligible to participate under rules of the Federal Communications Commission, may also be eligible for the Lifeline service offering ("Lifeline service") under Subpart E of Part 54 of Title 47, Code of Federal Regulations ("CFR"). Within the service areas for which the Company is designated as an "eligible telecommunications carrier" pursuant to Subpart C of Part 54 of Title 47 CFR, the Company offers Lifeline service to qualifying low-income consumers.

Lifeline service is a non-transferable retail local service offering that is available only to qualifying low-income consumers and for which qualifying low-income consumers pay charges that have been reduced in accordance with Subpart E of Part 54 of Title 47 CFR and, to the extent applicable, the WTAP laws. In addition, for "eligible residents of Tribal lands," as defined in § 54.400 of Subpart E of Part 54 of Title 47 CFR, the Company's Lifeline service charges are further reduced in accordance with Subpart E of Part 54 of Title 47 CFR.

The Company's offering of Lifeline service includes "toll limitation" only in the form of "toll blocking" (and not "toll control"), as those terms are defined in Subpart E of Part 54 of Title 47 CFR. "Toll blocking" is available with respect to Company-provided Lifeline service at no Company charge to the Company's subscriber to such Lifeline service.

On the issue date of this tariff sheet, "toll blocking" is defined in § 54.400 of Subpart E of Part 54 of Title 47 CFR, as "a service provided by an eligible telecommunications carrier that lets subscribers elect not to allow the completion of outgoing toll calls from their telecommunications channel." "Toll blocking" does not necessarily result in the blocking of collect calls to the subscriber's telephone line or the blocking of calls billed from another location to the subscriber's telephone line.
