Where to we get these stupid ideas? Looks like the private sector is seeking to milk the public again. This is an example of why the free enterprise system is fouling it's own nest. "The king he has no clothes". Internet access needs to be free to every student in the country as long as they are attending school. FCC do the right thing. Do not look at your personal financial gain when you're retired from the FCC. You can't take it with you. Behave as if your children will evaluate your integrity.
