

7521371420.txt

You absolutely must keep the net open, and neutral. There is no room for business to regulate itself in these respects. NONE. It's no different than railways, steel, and oil in the early part of the 20th century. No good can come from removing the neutrality rules. It is your duty to the American people to protect its current format. If you do otherwise you are not looking out for the people, you're looking out for a few businesses
