Re: Notice of ex parte communications, GN Docket No. 14-28

Dear Ms. Dortch:

On June 23, 2014, I was in a meeting at the Federal Communications Commission. Commission staff Kim Hart, was present. We discussed the Open Internet principles, with some references to previously published work,^{1 2} and Internet interconnection, including issues associated with a public tutorial I gave in May 2014.³ This meeting was informational. I represented no one other than myself.

Sincerely
Jon M. Peha
