Dear Commissioners Clyburn, O’Rielly, Pai & Rosenworcel:

On behalf of the Puerto Rico Telecommunications Regulatory Board, I am writing to express my support for Chairman Wheeler’s proposal to modernize the E-rate program, prioritize broadband, and provide the funding needed to bring high-speed wireless access to Puerto Rico’s K-12 classrooms.

The Chairman’s plan takes necessary and important steps to update the E-rate program including lowering broadband costs through price transparency and easing the administrative burden on Education Agencies by simplifying the application process.

I urge you to support Chairman Wheeler’s plan on July 11<sup>th</sup>, and to continue the E-rate modernization process by taking all the additional steps necessary to increase the affordability of broadband and ensure that every school has the resources it needs to meet the ConnectED connectivity goals.

Thank you for your attention and prompt action on this critical matter for students in Puerto Rico’s.

Sincerely

  
Javier Rúa Jovet  
Chairman

c: Chairman Wheeler
