

7521374525.txt

1. There should be an outright ban on fast lanes. A two-tiered internet will give the wealthiest corporations an unfair advantage and hurt consumers.
2. Broadband access should be classified as a Title II common carrier. This is the best and ONLY way to give the FCC the authority to keep the Internet neutral.
3. Given how omnipresent wireless data has become and will continue to become, wireless data needs the same protections as wired data.
