RE: WC Docket Nos. 10-90 and 05-337

In response to your inquiry dated June 20, 2014 please be advised that Pineland Telephone Cooperative (SAC 220377) has spoken with AT&T (SAC 225192) concerning the service area boundary overlaps. Upon further investigation of our shapefiles and certified maps we determined that in the southeastern corner of Candler County AT&T's boundary is correct and therefore Pineland Telephone Cooperative's boundary should be trimmed back. Attached with this letter you will notice that we have circled the area that needs to be trimmed back to prevent any confusion as to which overlap we are describing.

Should you have any questions or need any additional information concerning this matter please contact me at [mpurvis@pinelandtelco.com](mailto:mpurvis@pinelandtelco.com).

Respectfully,

A handwritten signature in blue ink that reads 'Mike Purvis'.

Mike Purvis, Engineering Manager  
Pineland Telephone Cooperative, Inc.
