Dear Sirs:

DOCKET FILE COPY ORIGINAL

FCC Mail Room

Please, please, leave Rfdtv alone. It is the only channel on the television we can watch with our family and not be embarrassed at the language or what we see. It is for people who still have morals and a sense of decency. And there are many of us out there..

I hate profanity and the sex shows on this television these days. It is no wonder that young people are like they are now. The tv has been their guide. Wake up you people that control this rotten immorale junk on tv. Wake up!!! And in the mean time, LEAVE RFDTV ALONE. If they are put off the air waves, or whatever you are trying to control here, the tv's will go out too. As it is now, a lot of people are turning off the junk Believe me...

Sincerely, George and Evelyn Corbett
