Dear FCC,

My name is Ashik and I live in fuck, VA.

Net neutrality, the principle that Internet service providers (ISPs) treat all data that travels over their networks equally, is important to me because without it THIS IS BULLSHIT - YOU MONEY HUNGRY FUCKS

A pay-to-play Internet worries me because THIS IS BULLSHIT - YOU MONEY HUNGRY FUCKS

The Internet is important to me because, as a college business student, I need to know that there will not be barriers to entry for the new ideas and services that I hope to bring to the marketplace. If ISP subscribers have an easier time loading websites of existing companies than my new innovative product, there?s no way that I will be able to compete or succeed.

Sincerel y,
