Dear FCC,

My name is Carolyn Tomasi ne and I live in Barker, NY.

Net neutrality, the principle that Internet service providers (ISPs) treat all data that travels over their networks equally, is important to me because without it ISPs could have too much power to determine my Internet experience by providing better access to some services but not others.

A pay-to-play Internet worries me because ISPs could act as the gatekeepers to their subscribers.

The Internet is important to me because, as a student, and a modern day teenager, I have always been concerned with equality between pretty much everything. So to me, allowing access to some sites but having others load very slowly is almost a sort of internet-racism.

Sincerely,

Carol yn Tomasi ne
